

## Extract Units

## Passive Stack Ventilation

GHN	References	Airflow at 10 Pa				Duct compatibility	Destination				
		min	max	peak	max possible	supplied	Bath	Bath W WC	WC	Kitchen	Office
	GHN923EX	15 m3/h	75 m3/h	75 m3/h	100 m3/h	Ø125	yes	yes	yes	yes	yes

## Special passive stack ventilation

**Humidity sensitive system** : modulates the airflow according to the local relative humidity

**Easy to maintain** : no adjustment, simple yearly dusting

## Great longevity thanks to a simple mechanism
